

Off-Campus Housing Request (Commuter)

Meredith College takes pride in its academic community life and feels strongly that the residence life experience is an integral part of that community. However, Meredith allows students in the following categories to reside off-campus if that is their preference:

Please check all conditions that apply:

- Student will reside with parent(s) or spouse.
- Student will be 21 years of age or older at the time of enrollment. NOTE: Campus housing is usually available only to full-time undergraduate degree-seeking students under the age of 23 (see catalogue). International students, 23 or older, enrolled full-time in an undergraduate degree program may request special consideration for on-campus housing.

Please check below if you have a special request for commuter status:

- Student requests special permission from the Dean of Students to reside with someone other than a parent or spouse. **If you check this option, complete shaded box below.**

Please read and sign below:

I understand that I am responsible for finding suitable housing if accepted for admission as a commuting student. If I do not qualify for off-campus residency as defined by Meredith College, I understand I will be contacted and given the opportunity to change my application status to on-campus residency.
